VIRGINIA GAZETTE.

Containing the freſheſt Advices, Foreign and Domeſtick.

From Thurſday June 26, to Thurſday July 3, 1746.

Extract from the Votes of the General Aſſembly of the Colony of New-York, *met at* Berclyn, *on* Naſſau-Iſland.

Die Martis, 3d of June 1746.

A Meſſage from his Excellency by Mr. Secretary *Catherwood*; which being read in the Words following, *viz.*

Gentlemen,

THE Intelligence I have received from *Albany* ſince your ſhort Receſs, of the State of Affairs in that County, obliged me to order an additional Force of 300 Men, to be draughted out of the Militia of ſuch Counties as I judg'd moſt proper, to be immediately ſent to their Aſſiſtance; and they were to go upon this Service, on my Aſſurance of recommending it to you to provide for their Pay and Subſiſtance, in ſuch Manner as has been done for others, not doubting but you would do ſo.

You will find by the ſeveral Repreſentations, Letters and Papers, (which I ſhall order to be laid before you) that the Defence and Security of that Frontier required this Step to be taken without Loſs of Time; and not only ſo, but I think you muſt be of Opinion, upon due Conſideration, that the Exigency of Affairs does abſolutely demand a much more powerful Aſſiſtance, as well for the Maintenance of the Northern Frontiers, as the Proſecution of the War into the Enemy's Country; It lies upon you to enable me effectually to anſwer both Purpoſes, and that with the utmoſt Diſpatch.

G. Clinton.

Die Mercurii, 4th of June, 1746.

The Houſe reſolved itſelf into a Committee of the whole Houſe upon his Excellency's Meſſage of Yeſterday. And after ſome Time,

Reſolved, As the Opinion of the Committee,

That immediate Proviſion be made for 450 Men of the Militia of this Colony, and 120 Indians, to be poſted on the Northern Frontier, in ſuch Manner as the Governor and Council ſhall direct, including the Men already ſent thither by Order of his Excellency, and the 120 Men directed by a late Act for the Block-Houſes, and the 30 Men poſted, or ordered to be poſted, at *Saraghtoga*.

Die Veneris, 6th of June, 1746.

A Meſſage from his Excellency by Mr. *Gw. Banyar*, D. Cl. Con. *Mr. Speaker, His Excellency requires the immediate Attendance of this Houſe in the Council-Chamber, at* Berclyn. The Speaker left the Chair, and with the Houſe went up accordingly; and being return'd, he reſumed the Chair, and reported to the Houſe, that his Excellency had been pleaſed to make the following Speech to them, *viz.*

Gentlemen of the Council and General Aſſembly,

It has been ſignified to me, by Letter from his Grace the Duke of *Newcaſtle*, of the 9th of *April* laſt; (which I have received by Expreſs from Governor *Shirley*, an Extract whereof I ſhall order to be laid before you) that his Majeſty has been pleaſed to order an Expedition againſt the *French* Settlements in *Canada*; and I am commanded (as the other Governors of his Majeſty's Colonies are) forthwith to make the neceſſary Diſpoſitions for raiſing as many Men within my Government, as the Shortneſs of the Time will permit, to be employ'd in Concert with his Majeſty's regular Forces on this important Service.

It is his Majeſty's Intention that the Troops to be raiſed in *North America*, ſhould conſiſt of Companies of *One Hundred* Men each; and that thoſe that ſhould be raiſed in the ſeveral Provinces of *New York*, *New-Jerſey*, *Pennſylvania*, *Maryland* and *Virginia*, be formed into one Corps, to be commanded by Mr. Gooch, Lieutenant Governor of *Virginia*, whom the King has been pleaſed on this Occaſion to promote to the Rank of a Brigadier-General.

The happy Conſequences which will redound to his Majeſty's Colonies on this Continent; the Advantage of the common Cauſe, and the Britiſh Intereſt in General, from the Succeſs of ſuch an Enterprize, muſt be thought of Weight ſufficient to inſpire every loyal Breaſt, and true Lover of his Country, with a ſuitable Zeal and Reſolution, for contributing the utmoſt in their Power towards the Accompliſhment of the preſent Undertaking.

Gentlemen of the General Aſſembly,

In Conſequence of what I have now mentioned, I muſt recommend it to you, in the moſt earneſt Manner, to make ample Proviſion, and that with the greateſt Diſpatch you poſſibly can, to enable me effectually to anſwer his Majeſty's Expectations, from his loyal Subjects of this Province; that we may ſignalize ourſelves in the Part his Majeſty expects we ſhould bear, in this intended Service. It is with the greateſt Pleaſure I have now review'd your Reſolve on the 25th of *February* laſt, in Anſwer to Mr. *Shirley*'s Letter of the 13th of *January* preceeding, wherein you have expreſs'd yourſelves with a becoming Warmth and Heartineſs, That if his moſt gracious Majeſty ſhould think fit to undertake the Expedition therein mentioned, this Colony would chearfully contribute any Thing in it's Power, for the vigorous Proſecution of ſuch an Enterprize; which leaves no Room for Doubt, as you have now the Opportunity offered, that you will act with a Spirit and Reſolution becoming the Importance of the preſent Occaſion.

Gentlemen of the Council,

I am perfectly aſſured alſo that you will co operate with the General Aſſembly, with your uſual Ardour for his Majeſty's Honour and Service, and that nothing will be wanting on your Parts, for the Advancement of this common Cauſe.

Gentlemen of the Council and General Aſſembly,

I am perfectly ſatisfied, that it is needleſs for me to recommend, the cultivating an Union and Harmony amongſt you, upon a Subject ſo agreeable to all your Inclinations: His Majeſty's paternal Care of the remoteſt of his Subjects, has been always remarkable, during the whole Series of his auſpicious Reign, but more eminently conſpicuous on this important Occaſion; and his Majeſty, having been pleaſed to take into his Royal Conſideration, the Dangers theſe Colonies have conſtantly been expoſed to, from the Encroachments and Inſults of the *French* King, has been graciouſly diſpoſed to ſet on Foot an Expedition, the Succeſs whereof will free you and your Poſterity from that Danger and the heavy Expence attending it: This Inſtance of his Royal Goodneſs and Tenderneſs towards you, cannot, and I am perſuaded will not, fail of meeting with all due Returns of Duty, Loyalty and Gratitude.

G. Clinton.

Die

Die Martis, 10th of June, 1746.

The Houſe reſolved itſelf into a Committee of the whole Houſe, upon his Excellency's Speech; and after ſome Time, came to the following Reſolutions, *viz.*

Reſolved, As the Opinion of the Committee,

That a Bounty be allowed of *Six Pounds* for each able bodied Man, that has, or ſhall voluntarily inliſt into his Majeſty's Service, on the intended Expedition, over and above the King's Pay.

Reſolved, That a Sum not exceeding 6000 *l.* be allowed for the immediate purchaſing of 575 Barrels of Pork, 537 Barrels of Beef, 180,000 wt. of brown Biſcuit, 6000 Gallons of Rum, 1406 Buſhels of Indian Corn, 1406 Buſhels of Peaſe, 20,000 wt. of Bacon, and 24 Barrels of Rice, for victualing the Forces that are, or ſhall be raiſed in this Colony, for the ſaid Expedition.

[*In Purſuance of the above Reſolutions, a Bill was ordered, and brought in, for paying the ſaid Bounties, and appointing Commiſſaries to purchaſe the Proviſions for the ſaid Expedition.*]

Extract of a private Letter from Aberdeen, April 3.

"There are without Doubt, abundance of ſtrange Pieces of News ſent to London from Edinburgh and other Places, in theſe Times of Confuſion, and therefore, I dare ſay, any Letter from hence, where it muſt be allowed we know Things with a greater Certainty, muſt be welcome. The Troops here are in perfect Health, and we expect every Day to be in Motion, which will be followed by a deciſive Action, if the Rebels ſhould think fit to wait for us; of which I believe you will not think there is any great Probability, when I tell you the Conditions they are in. As to their Chief, the Pretender's Son, he is and has been long indiſpoſed at Inverneſs, and as to the Heads of the Clans that are about him, they differ with each other and with him. Laſt Week Glenbucket's Men mutined for Want of Pay; and for ſome Time paſt they have been working at a Place called Findorn, in fitting up a little Sloop or two, which are to be ſent to France, and in all Probability, their Prince and ſome of his Aſſociates will take their Paſſage in them. It is believed that the French will quickly grow weary of ſending them Supplies in the Manner they have hitherto done, from the bad Luck they have had in it; for not long ago the Sheerneſs Man of War ran one of their Privateers on Shore, out of which 50 Officers and about 100 Men, with much Difficulty, got to Land, which only prolonged their Ruin for a few Hours, for the News reaching Lord Rea's Country, his Son, Capt. Mackay, with a good Number of his Father's Tenants, fell upon them, killed near Half of them, and made the reſt Priſoners. The Highlanders never attack any Places that are capable of making a Defence, of which their beſieging Fort William is an Inſtance. Capt. Scott who commands there, hearing they had a Parcel of black Cattle drove into their Quarters for their Subſiſtance, made a lucky Sally with his Garriſon, and carried them all off. They have been throwing ſome Hundred Shells into the Fort, in Hopes of ſuch a favourable Accident as they had at Fort Auguſtus, but have done no more Miſchief than killing one Man, and wounding another, ſo that we are no longer in any Pain about that Fortreſs. Their Siege of Blair Caſtle is like to turn to the ſame Account, tho' that is more properly a Blockade, ſince even their advanced Parties were never within a Mile of the Place. This is all the News I have to write to you at preſent, and when I ſet Pen to Paper again, I hope to ſend you ſomewhat of greater Importance."

April 10. We are inform'd, that on Lord Crawford's advancing with a Party of 250 Dragoons, the Rebels rais'd the Siege of Blair, and retir'd 12 Miles, to Dalnocardisk, leaving the Place in Poſſeſſion of Lord Crawford, and the Duke of Athol.

BOSTON.

May 29. Laſt Night arrived here his Majeſty's Sloop the Hinchenbrook, Edmund Townley Commander, with Packets for the ſeveral Governments on this Continent, with very Important Advices; we can but give our Readers the following at preſent: That in the Harbour of Breſt there lay a French Fleet of fourteen Ships of the Line, with eight Battalions on board;—— that Admiral Martin with 18 Men of War, eleven of them of the Line, was cruiſing off that Harbour to watch their Motions——That Six Thouſand Ton of Shiping was taken up in England for tranſporting Men, &c. into America, and it is thought they are on their Paſſage, under the Convoy of three Men of War.------

June 9. We hear the Government of New-Hampſhire have voted a Thouſand Men for the preſent Expedition, upon the ſame Encouragement offered by this Government.

Extract of a Letter from Newfoundland, dated May 15.

"We are informed that the French in Canada, have kept by them all the Beaver and Furrs of laſt Year's Trade, for Fear it ſhould fall into the Hands of the Engliſh Men of War, who, they knew, have kept a good Look out for them, as they do at preſent; and when the Trade of this Year ſhall be added thereto, which will be in July or Auguſt next, that Article will amount, upon a moderate Computation, to £. 470,000 Sterl. which, with their other Riches, Church Plate, &c. will be worth a very great Sum. We are informed, that in order to divide their Intereſts, the Monſieurs have thought fit to ſtore Half of their Furrs &c. &c. at Quebeck, the Metropolis of Canada; and the other Half at Montreal, ſituated about 60 Leagues higher up the River St. Lawrence, than Quebeck: If it ſhould pleaſe his Majeſty to order an Expedition againſt Canada this Summer, the Officers and private Men will have fine plundering, in Caſe they ſucceed, of which I make no Doubt, if it is but attempted.

Newport, Rhode-Iſland, June 6.

The General Aſſembly have voted to raiſe 300 Men for the preſent Expedition, and to give 50 *l.* Old Tenor, Bounty to Voluntiers; and to ſend the Colony Sloop with 100 Men, to attend the Service.

PHILADELPHIA, June 5.

Monday laſt an Expreſs arrived here from the Northward, with Diſpatches of great Importance for the Governors of this and the Southern Provinces; the latter were immediately ſent forward. The Aſſembly of this Province is called by the Governor to meet Monday next.

A Gentleman who left Glaſgow the 28th of March, informs us, that the Rebels were then 10 or 12,000 ſtrong; but that the Paſſes were ſo well guarded, that they could not come to the Southward again, and that they were in great Want of Proviſions of all Sorts.

NEW-YORK, June 16.

We learn from Connecticut, that the Government there have agreed to raiſe 1100 Men for the preſent Expedition.

WILLIAMSBURG, July 3.

Since our laſt, arriv'd in *York* River, the —— *Everton*, Capt. *Kelly*, from *Liverpool*, who brings the following Extraordinary News.

From the Supplement to the Belfaſt Courant, April 28.

Juſt arriv'd, two *Scotch* Packets, which bring the following Particulars of the late glorious Victory obtain'd by his Royal Highneſs the Duke of *Cumberland* over the Rebels.

Edinburgh, April 22. The Account of the Victory obtained by his Royal Highneſs the Duke of *Cumberland*, over the Rebels, is confirm'd. His Highneſs's Aid de Camp, Lord *Bury*, was diſpatched at 7 o'Clock that Night, when the Action happen'd, with the News to his Majeſty. He took the Advantage of the *Sharke* Sloop, with a Deſign to have reach'd *Newcaſtle*; but the Wind proving contrary, he landed Yeſterday Morning at *North-Berwick*, from whence he ſent an Account to this Place, and proceeded directly to *London*.——The Particulars which we have hitherto learn'd are, That the Battle did not laſt above Half an Hour, during which Time, no Quarter was given on either Side, and was exceeding bloody.——That 1000 of the Rebels lay dead upon the Spot, and about 200 were killed and wounded on the King's Side.——Capt. *Graſſet* is kill'd. Col. *Rich* is wounded.——The Regiments that diſtinguiſhed themſelves moſt, were *Barrel*'s and *Monro*'s, and it is particularly remark'd that the *Scotch* Regiment behav'd in an extraordinary Manner.

Letter

Letter from Glaſgow, *dated* April 23.

" On *Wedneſday* the 16th Inſt. about 5 in the Morning, his " Royal Highneſs march'd from *Nairn*, which is 12 Miles from " *Inverneſs*. The Army had ſeveral Alarms, but at laſt the Re- " bels formed at *Culloden* Muir, within 2 Miles of *Inverneſs*, " and about 7 o'Clock the Cannon began to play, which con- " tinued cloſe on both Sides for 25 Minutes.——Our Artillery " had the Advantage in its Situation, and did much Execution. " The *Frazers* and *McDonalds*, which compoſed their Right " Wing, made an Attack on his Royal Highneſs's Left, and " endeavoured to come in Sword in Hand, but were ſo well re- " ceived, and the Fire ſo cloſe and regular, that on the ſe- " cond Diſcharge, they fell into the utmoſt Confuſion, and fled " over an adjacent Hill, and the whole ſoon followed. "

Mr. *Parks*,

Pleaſe to give this Piece a Place in your *Gazette*; if it proves inſignificant, it will take but little Room, therefore the more excuſable. I am, Sir,

Your humble Servant.

OBSERVATIONS.

GOD Almighty appointed *Saul* to be the firſt King of *Iſrael*. 1 *Sam.* 10. 1. His Subjects peremptorily contradict him. Chap. 14, v. 45, and are not blamed for ſo doing. The King did ſwear Wrong ſhould be done, v. 44; but the People would not ſuffer it to be done, v. 45; which is an early Inſtance againſt paſſive Obedience.

After *Saul*'s Death, the Men of *Judah* made *David* King over the Houſe of *Judah*, 2 *Sam.* 2. 4. and all the Elders of *Iſrael* made *David* King over *Iſrael*, Chap. 5. v. 3. notwithſtanding *Saul* had left lawful Heirs; which is an early Inſtance againſt hereditary Succeſſion to the Crown, when 'tis againſt the Good of the People to permit it.

What then can incite a *Proteſtant*, to deſire to have a *Popiſh* King to reign over him? It cannot be Conſcience; it muſt be ſtupid Infatuation. Let them pretend what they will, I am ſure no Chriſtian *Proteſtant* can wiſh Succeſs to the Pretender, againſt our lawful Sovereign Lord King *GEORGE*, whom may our merciful God protect and bleſs with long Life, and univerſal Succeſs over his Enemies, is the unfeigned Prayer of his loyal Subject and faithful Servant.

A PROTESTANT.

ADVERTISEMENTS.

HIS Honour the Governor hereby requires all Officers of the Militia, and others, in the reſpective Counties, who have inliſted Men to go on the Expedition to the *Norward*, under his Command, That they order the Men they have inliſted, to be at *Williamſburg* by the Middle of this Month; and thoſe from the remoteſt Counties, who cant come by that Time, are forthwith to ſet off, and come to His Honour as ſoon as poſſible.

Norfolk, June 28, 1746.

As the raiſing theſe Companies is attended with greater Difficulty, Expence, and Hazard of Deſertion than any Thing of the like Nature ever was before; and as the keeping of them up is impoſſible, (tho' the Terms are the moſt eaſy and advantageous to the private Men, of any in the Britiſh *Army (without the Aſſiſtance of Gentlemen and others, who are Well-wiſhers to his Majeſty's Service, in diſcouraging the Propenſity of evil and ignorant People to ſeduce and conceal Deſerters, I hope all Gentlemen, as well as thoſe who conſider that the Strength of a Frontier Province is a great Addition to the Security of their own, will favour the* Carolina *Officers with their Help to recover their Men, before the juſt Securities, enjoyn'd by his Majeſty's Articles of War, become abſolutely indiſpenſable; and the Obligation, I dare ſay, will be acknowledged by that Province, and the Officers in general, and particularly by the Perſon moſt oblig'd.*
